

CUBES AND CRUMBLES 50#

This feed is designed to be fed to livestock as a fiber supplement.

GUARANTEED ANALYSIS

Crude Protein	Min.	7.0	%
Crude Fat	Min.	4.5	%
Crude Fiber	Max.	17.0	%
Ash	Max.	9.0	%

INGREDIENTS: Ground Almond Hulls, Beet Pulp Shreds, Rice Bran,

FEEDING DIRECTIONS: Make all feeding changes gradually over a two week period.

HORSES: Feed to maintenance horses at the rate of 0.5 to 1.0 lbs per 100 lbs of bodyweight per head per day as a fiber supplement. May be used as a replacement for hay at a rate up to 40%. Each horse is unique and should be fed to maintain desired body condition and performance. Split the recommended feeding levels into two or more feedings each day.

CATTLE: Feed to cattle at the rate of 0.5 to 1.0 lbs per 100 lbs of bodyweight as a fiber supplement.

IMPORTANT: NOT A COMPLETE FEED. Have a good quality hay or pasture available. Provide adequate vitamin and mineral supplementation. Provide plenty of fresh, clean water at all times except to hot, tired horses. Horses should be cooled out properly before having access to unlimited water or being fed. Salt should be available free choice.
