

PERFECTLY SENIOR HORSE “WINTER” PLT

Feed Attributes

- 14.0% crude fiber; 5.1% crude fat.
- Fully fortified.
- Caramelized pellet.
- Chelated minerals.
- Higher percent of digestible fibers; 18.5%.
- Yeast culture.
- Value & affordability.
- Added Biotin
- No Corn

Senior Advantages

Organic minerals for better bio-availability. Added Biotin for greater hoof integrity. Added vitamin C and E for anti-oxidant. Yeast culture for digestibility. Higher fat levels, from roasted soybean, to compensate for greater energy requirements. Pelleted to prevent food sorting and ensure that the horse is getting all required nutrients.

Feeding Directions

- a) To be fed with high quality forage.
- b) Divide the total daily feeding into two feedings approximately 12 hours apart AM/PM.
- c) Adjust the amounts given according to environment, work level and body condition of the horse.
- d) Provide clean fresh water at all times.

Guaranteed Analysis

CRUDE PROTEIN	(Min)	14.0%
