

# SWEETLIX ALL-IN-ONE PRESSED PROTEIN BLOCK (11684)

## Feed Attributes

- Highly palatable supplement block for sheep consuming low quality forages.
- Specifically designed to supplement small ruminants for optimum growth and reproduction.
- Protein, vitamin, and mineral supplementation in one product.
- No additional sources of salt or minerals required.
- Delivers 20% crude protein from all natural sources.
- Ideal for all classes of sheep.
- Convenient, easy to handle 33.3-lb. block.
- Weather resistant block requires no special feeders or bunks.

## Feeding and Management

1. Feed 1 block per 10 head of sheep or goats. This allows all animals equal access to blocks.
2. Place blocks where animals congregate. Locate blocks throughout pasture, placing them near water and loafing areas. Maintain adequate distance between blocks (10 ft. minimum).
3. Do not allow animals to run out of blocks. When a block is half-consumed, place a new block near it. Place very small pieces in troughs or feed pans.
4. Sheep or goats will consume about 2-4 oz. per head daily. When sheep or goats consume the block at the recommended rate, it will supply 0.35-0.7mg of supplemental selenium.
5. Blocks can be fed to animals in confinement. Exact location of blocks to obtain desired consumption will vary between confinement feeding programs.
6. Feed as the only FREE CHOICE source of salt, other minerals and vitamins.
