

MALLARD CREEK SHAVINGS

Classic Mix is the most familiar bedding product to our customers as they are the original baled shavings which we have offered since 1982. This classic bedding is 100% softwood which is a blend of fir and pine. Classic is screened to remove 60% of the fines leaving 40% for added absorption and leaving the large flakes for added comfort.

Our shavings are packaged in a heat-sealed, weather proof polyethylene bag suitable for indoor or outdoor storage.
