Optimum Nutrition**

Ingredients

Beet molasses, soybean meal, ground flaxseed, flaxseed oil, corn gluten meal, salt, yeast culture, limestone, monocalcium phosphate, dicalcium phosphate, magnesium oxide, L-lysine, zinc amino acid complex, manganese amino acid complex, copper amino acid complex, zinc sulfate, manganese sulfate, copper chloride, sodium selenite, ethylenediamine dihydriodide, cobalt carbonate, vitamin A acetate, vitamin C, vitamin D3 supplement, vitamin E supplement, riboflavin, biotin, thiamin mononitrate.

Feeding Directions

Provide free-choice as a supplement to horses of all sizes at the rate of one block for each 1 to 10 head. When group feeding, place blocks in pen or pasture to minimize competition and assure easy accessibility. Mature horses normally consume approximately 1 to 3 pounds per head daily. Consumption may vary depending on climate, forage quality, forage availability, accessibility to other feeds, size, condition and/or age of horses. In situations where increased intake is desired, reduce access to other sources of supplemental energy such as grain or other feed supplements.
