**Nutritionally Engineered® for  
Optimum Nutrition**

**Ingredients**

Beet molasses, soybean meal, ground flaxseed, salt, flaxseed oil, yeast culture, monocalcium phosphate, dicalcium phosphate, limestone, zinc amino acid complex, manganese amino acid complex, copper amino acid complex, zinc sulfate, manganese sulfate, copper chloride, sodium selenite, ethylenediamine dihydriodide, cobalt carbonate, vitamin A acetate, vitamin C, vitamin D3 supplement, vitamin E supplement, riboflavin, biotin, thiamin mononitrate.

**Feeding Directions**

Provide free-choice as a supplement to horses of all sizes at the rate of one block for each 1 to 10 head. When group feeding, place blocks in pen or pasture to minimize competition and assure easy accessibility. Mature horses normally consume approximately 1 to 3 pounds per head daily. Consumption may vary depending on climate, forage quality, forage availability, accessibility to other feeds, size, condition and/or age of horses. In situations where increased intake is desired, reduce access to other sources of supplemental energy such as grain or other feed supplements.

**Manufactured BY:**  
**New Generation Supplements**  
**11094 Business 212**  
**Belle Fourche, South Dakota 57717**

**Provide access to fresh water at all times.**

Product No. H95250      Net Weight: 250 LB (113.4 kg)

**CAUTION: Use as directed. Observe horses and monitor intake daily.**
